

A person wearing a white long-sleeved shirt is shown from the side. On the sleeve, there is a circular graphic with various business-related icons: a globe, a bar chart, a pie chart, a line graph, a handshake, a camera, a person, a lightbulb, and the word "Business". The background is a blurred cityscape.

A hand is shown holding a large white circle. Above the hand, there are several business and financial icons: a large red arrow pointing up and to the right, a pie chart with four colored segments (blue, yellow, green, black), a large red arrow pointing down, a small pie chart with a green segment, a lightbulb icon, and a line graph on a grid showing an upward trend. There are also some smaller circles and a larger circle on the left side.

Fan Jiayu – Guangzhou Kaiyan Mechanical & Electrical Equipment Co., Ltd.

This is Alfa Laval

Alfa Laval is active in the areas of Energy, Marine, and Food & Water, offering its expertise, products, and service to a wide range of industries in some 100 countries. The company is committed to optimizing processes, creating responsible growth, and driving progress – always going the extra mile to support customers in achieving their business goals and sustainability targets.

Alfa Laval's innovative technologies are dedicated to purifying, refining, and reusing materials, promoting more responsible use of natural resources. They contribute to improved energy efficiency and heat recovery, better water treatment, and reduced emissions. Thereby, Alfa Laval is not only accelerating success for its customers, but also for people and the planet. Making the world better, every day. It's all about *Advancing better™*.
